

Model : MT-830-P

Nominal insulation voltage : 45 kV

TECHNICAL CHARACTERISTICS

- Made with 3 yellow PVC tubes.
- Locking system: push button at each section
- Choice of end-fitting (to precise when ordering):

Stick reference	End-fitting
MT-830-P	Type C (hexagonal 12 mm) 
MT-830-PK	Type K (serrated universal) 
MT-830-PE	Type E (bayonet) 

DIMENSIONS / WEIGHT

- Weight: 0,92 kg
- Length: folded: 0,64 m / entirely deployed: 1,5 m
- Tube diameters: base \varnothing 44 mm / inter \varnothing 36 mm / terminal \varnothing 28 mm
